1990 *Engineering Education* Annual Index

Volume 80
Numbers 1–8

The page numbers in this index refer to the eight issues of *Engineering Education* for 1990.

1–52	January/February
389–440	April
441–500	May/June
501–576	July/August
577–620	September/October
1005–1048	December

Note: The March issue, devoted to Engineering College Research and Graduate Study, and the November issue on Undergraduate Programs in Engineering and Engineering Technology contain their own detailed indexes. The September/October issue contains the 24-page insert, "ASEE in Review," bound into the issue between pages 598 and 599.

In this index, **boldface** type indicates subject headings; *italics* indicates authors; and titles of articles and department heads appear in regular type. Page numbers are explained above.
